

3 OCT 1972

NOTE FOR : Mr. Wattles

REFERENCE: DD/S Diary Note dated 3 October 1972

We will have to talk to [REDACTED] upon his return and also deal rather specifically with the [REDACTED] matter. (Mr. Broe seemed to feel that Mr. Colby was not as fixed on the IG but wanted him some place in that Executive Director realm either IG or PPB.)

STATINTL

I am not sure who is talking [REDACTED] about his work and plans and hopes but we or Tom Yale should be so doing.

STATINTL

The second thought above reminds that we should have a chat with every one of our people at least annually, something we have not really been doing. We will have to talk to [REDACTED] and see how he and [REDACTED] have accomplished and what sort of plot there is on an ongoing basis.
